

The dawning of architecture is in one's mind. At first it was just an idea. Then Compact Exterior was born, an innovative way to suit a very demanding world, focused on quality, durability and versatility.

Shape, colour and material all convey emotions, tell stories and inspire new ideas. All in brown core.

Compact Exterior panels are duromer high-pressure laminates (HPL) in accordance with EN 438-6 Type EDF that are produced in lamination presses under great pressure and high temperature. Double-hardened acrylic PUR resins provide extremely effective weather protection.
